EXPERIENCE

MasterCard | *Spring boot, React, PCF*

May 2024 - July 2024

Software Engineering Intern

- Developed portal for product owners to manage subscription plans.
- Learned and applied various types of automation testing techniques.
- Experienced product development life cycle and got hands on experience on Agile approaches.
- Got experience in tools like **PCF**, **Confluence**, **Sonar** and many more.

KrewBee | *Dotnet, Postgres, Docker, Azure*

Dec 2023 - April 2024

Part-time Software Developer, Backend

- Developed and maintained RESTful APIs using **ASP. NET Core/Web API** within micro services architecture.
- Experienced unit testing frameworks with **xUnit**.
- Developed and implemented in eight micro-services following to the **CQRS** pattern.
- Got experience in tools like **Jira**, **Confluence** and improved **Git skills**.

EDUCATION

Dharmsinh Desai University

Nadiad, Gujarat

Bachelor of Technology in Computer Engineering

Oct. 2021 – May 2025 (Pursuing)

- **Till 3rd Year 9.08 CPI**

Jawahar Navodaya Vidyalaya

Dahod, Gujarat

Higher and Senior secondary board

Passed HSC in June-2021

PROJECTS

PuzzlePro | *Flutter, Python Fast API, Docker, Azure, CNN*

Dec 2023 - April 2024

- Developed an application platform for all in one Sudoku experience.
- Implemented feature for scanning Sudoku images using CNN model.
- Added nice interface in the app using material UI for solving and learning Sudoku.
- **Used Azure to deploy docker image of backend using CI/CD by GitHub actions.**

TestZone | *Java, Spring boot, JSPs, Hibernate, MySQL, Bootstrap, Azure*

March 2023

- Developed a web application platform for Quizzes in Java Spring boot.
- Implemented features such as registration and login, quiz creation and management, quiz taking and submission, result calculation and display.
- **Used Azure to deploy it as web app as well as for MySQL database.**

DevCritique | *Node.js, react.js, express.js, mongodb, tailwind*

Oct 2023

- Developed project review platform for users to share their work and get reviewed on it by other users.
- **Deployed on Vercel (both front-end and back-end)**

SKILLS AND ACHIEVEMENTS

GitHub: 6 badges earned in open source, over **180 pull requests**. [@dhрумilpatel30](#)

LeetCode: above 220 problems solved [@dhрумilpatel30](#)

Code Chef: Rating of 3 Star 1649 points [@dhрумil_patel](#)

Languages: Java, Python, C/C++, SQL, JavaScript, HTML/CSS, PHP, Dart

Frameworks: React, Node.js, Django, Spring Boot, Hibernate, Express, Flutter

Developer Tools: Git, Azure, VS Code, Visual Studio, IntelliJ, Postman

Deployment: Azure Deployment with CI/CD, AWS S3 and EC2.

Microsoft learn: 6 Trophies Earned On Azure AI and ML [@dhрумilpatel](#)

Soft Skills: Innovative thinking, Problem-solving, Clear communication, Collaboration and teamwork

Linux: very passionate for experiments in Linux, having good skills of Linux OS and Bash
